

First Nation Power Authority Software

Billing

One step billing. Enter in the ending meter reading. The software remembers the starting reading.

4 Different rate scales are available based on customer type Residential, Business, Government and Other.

A flat fee rate is also available and you can optionally assign a specific number of kilowatt hours included in this base rate.

Receipts

Partial Receipts can be applied and the software tracks the customer balance outstanding.

Customer Statements

Billings (Invoices) and Receipts may be printed at any time.

Reports

- Detailed Billing (Invoices) including an optional actual usage graph
- Payment Receipts
- Unlimited Billing and Receipt History
- Individual Customer History - all billings and payments listed by month including meter readings
- Payment Listing - by Customer Type by Date Range
- Revenue Listing - detailed report on Actual kWh used, kWh billed and fixed charges by customer type by date range
- Customer Balances - shows the amount owing at a given date - listed by customer type
- Customer Information - listing of name, address, phone, meter number and last recorded meter reading
- 12 Month Summary - detailed report on starting and ending meter readings, kWh usage, charges, fees, amounts paid, balance forward/owing, etc. for a 12 month period
- Consumption Summary - report showing kWh's consumed, revenue generated, amount paid on accounts, and receivables outstanding for all 4 customer types (Residential, Business, Government, Other)
